**Subject:** zipley to the council

Hope it isn't too late.

I don't like that they never seem to finish their units which are tipsy and remain open. And will we have to live with their markings forever.

Most of all I hate their reluctance to take and never ever give back. They removed the trees illegally. They got permission to use that building but never once have they considered making that entrance to the north end look better.

I don't think their care about the town.

Please post this on the town site after sending it to the council.

Cheers.

Linda Talman
