Subject: RE: tree trimming

It looks like these are the same two trees. One of them forks 5 or so feet off the ground and has two stems. I didn't see a third tree.

Approval was granted to remove the trees from the Hedlund property in 2019, pursuant to an arborist report that declared them to be dangerous. If I can get an address regarding the tree on Third Street, I will take a look at it.

Subject: tree trimming

Dear Mayor, Council members, Administrator, Planner

I have witnessed 3 large old historic fir trees being trimmed/deseccated of all their branches

so that only a 'telephone pole' hits the skyline..... ugly. One is on Third St and two are on

Brian Hedlund's (what used to be Louisa Ann Conner's house) property across from Town Hall.

We have an ordinance that says you can't cut down a tree larger than 6 inches in diameter

at 5 ft from the ground. Obviously the spirit of this ordinance was to preserve our trees especially

in the historic district. Why is this allowed??!!

I own the woods across from the Catholic Church, would you want to see sticks in that lovely

property? What is fair?

I look forward to a reply. joan cross
